Emergency Operations Plans
Standard Response Terminology Training
Behavioral Threat Assessment Management and Safe Storage
September 8, 2025

Emergency Operations Plans

- School districts are required to submit notification to the Michigan Department of Education that their Emergency Operations Plans have been reviewed and meet state requirements by January of even numbered years.
- In January 2025, our district began the transition to the new MSP-OSS template for emergency operations plans for the current school year.
- Additionally, on January 22, 2025, Governor Whitmer signed into law a requirement for schools to establish Behavioral Threat Assessment and Management (BTAM) teams in schools, creating a permanent School Safety and Mental Health Commission, requiring standardized safety training, and ensuring timely sharing of tips from the OK2SAY system with law enforcement.

Emergency Operations Plans

- The MSP-OSS template was completed by district staff by the end of the 24-25 school year.
- The documents, as required, were reviewed by:
 - Security
 - Fire chiefs and law enforcement officials whose jurisdictions are responsible for specific buildings.
 - The Kent County Emergency Manager's office.
 - District administrators.
 - Superintendent and School Board President.
 - Signatures as required. (Completed)
 - Confirmation of completion submitted to MDE by January 2026.

Standard Emergency Response Terminology

- **Response terms:** The new standardized system uses five core terms for emergency situations:
 - **Hold:** Keeping students and staff within a room or designated area.
 - **Secure:** Locking the perimeter of the building.
 - **Lockdown:** Securing individual rooms and areas within the building.
 - **Evacuate:** Exiting the building and moving to a safe location.
 - **Shelter:** Taking protective cover for specific threats, such as severe weather or hazardous materials.
 - District need to be in compliance by October 2026.

Standard Emergency Response Terminology

District wide “I Love You Guys” foundation training. You’ll begin seeing posters and information guides around school buildings.

HOLD

“Remain in your room or area.”

SECURE

“Get inside. Lock outside doors.”

LOCKDOWN

“Locks, lights, out of sight.”

Standard Emergency Response Terminology

- EVACUATE

“Prepare to evacuate to another area.”

- SHELTER

“Prepare to shelter or move.”

- District wide training for all RPS staff completed August 20, 2025.
- You can find all the information and free materials at <https://iloveguys.org>

Behavioral Threat Assessment Management

- Training is conducted by Special Services for involved district staff.
- Teams must be established by October 1, 2026.
- RPS is already compliant under the new law and has a robust system in place.

Safe Gun Storage Law

School districts must provide information to families
families annually by October 1. The flyer providing
information to all families was developed by the
Michigan Department of Health and Human Services.

**What is the safe storage law in Michigan?**
Michigan passed a firearms safe storage law that went into effect on Feb. 13, 2024.

SUMMARY OF THE LAW (MCL 28.429)

- This law imposes safe storage requirements on a person who knows, or reasonably should know, that a minor is, or is likely to be, present on the premises.
- A person who knows, or reasonably should know, that a minor is, or is likely to be, present on the premises is prohibited from carrying a loaded firearm on campus, including on a school bus.
- A person is liable for an homicide by a minor who gets unsecured access to a firearm, if a lawful firearm.
- When a minor gains proper unsupervised access to a firearm with parental permission, no penalties will be imposed if the firearm is used during the minor's employment, training, or target practice instruction in the safe use of a firearm.
- A person who knows, or reasonably should know, that a minor is, or is likely to be, present on the premises is prohibited from carrying a loaded firearm on campus, including on a school bus.
- Locks through home visits, MCHHS local offices, and some local health departments.

IMPORTANCE AND BENEFITS OF SAFE STORAGE TO HELP KEEP CHILDREN SAFE

Legal ownership of firearms is constitutional right. This right is not absolute, however, and there are many situations where the right is restricted. For example, the right to own a firearm is restricted in the case of domestic violence, child abuse, or if the person is a danger to themselves or others. Safe storage of firearms is a critical part of responsible gun ownership and helps reduce the risk of accidental firearm deaths, theft, and suicide, including in the home.

FIREARM SAFE STORAGE OPTIONS

There are ample measures everyone can take to store firearms safely and securely, including:

- Gun safe
- Trigger lock
- Cable lock

Memorandum

To: Dr. Steve Matthews, Superintendent
From: Mike Ramm, Assistant Superintendent of Instruction
Date: September 2, 2025
Subject: Parkside Early Childhood Library Costs

Dr. Matthews:

I am writing to recommend the approval of purchasing library books for the Parkside Early Childhood Center. Our proposed expenses encompass essential materials to outfit the library with a variety of age appropriate books and resources.

The requested budget for outfitting the Parkside Early Childhood Center with library books will not exceed \$41,000. This amount is based on the standard of approximately 18 books per child enrolled in the building. The funding for the library books will be allocated from 35j, a state funded literacy grant that Rockford was awarded two years ago. The purchases represent materials and resources consistent with the other elementaries in the district.

Should the RPS Board of Education approve this recommendation, Mindy McGinn, Director of Library Services, and our district library media specialists will coordinate the ordering and delivery of the materials.

Thank you for your attention to this recommendation. Should you have any questions or require further clarification, please do not hesitate to contact me.

Respectfully,

Mike Ramm

Memorandum

To: Rockford Public Schools Board of Education

From: Dr. Steve Matthews, Superintendent

Date: September 8, 2025

Subject: Bond update

At the August 11, 2025, board meeting, a proposal for the November 4, 2025 ballot was approved. This proposal asks our community to approve keeping our millage rate at 7 mills. If approved, this would generate \$230 million dollars for projects throughout the district.

The projects are divided into two pillars.

The first pillar is building for the future – providing safe and functional spaces that support learning. The projects in this pillar include:

- Add air conditioning
 - Six of our 8 elementary buildings do not have air conditioning
- Improve safety and security through installing electronic door locks
- Enhance entry and circulation at Rockford High School and East Rockford Middle School
- Add gyms/cafeterias to elementary buildings that do not have separate spaces
 - Four buildings each have either a gym or a cafeteria, but not both.
- Address aging infrastructure through mechanical, electrical, plumbing, roofs, and other system upgrades
- Enhance outdoor facilities by adding restrooms, improving seating, and addressing entry/exit points
- Update technology
- Update playground equipment
- Replace buses

The second pillar is advancing excellence – creating dynamic learning environments that support student success, innovation, and opportunity. Projects in this pillar include:

- Performing arts center renovation
- Construction of the Ram Center an indoor turf facility that will also include classrooms for digital media, sports marketing, and business programming

- Expanding career exploration classrooms at Rockford High School
- Creating collaborative learning spaces
- Updating and expanding early childhood spaces
- Updating educational technology

This proposal began with our RAMS XII strategic planning process and utilized a community committee to generate ideas and provide feedback.

We have gathered the insights from these conversations and believe that we have a path forward to improve our facilities and enhance the opportunities that we provide our students, staff, parents, and community.

Tonight we bring a reminder to our community of this important proposal.

Bond Proposal

Election Day: November 4, 2025

Bond Proposal Overview

- Zero mill increase over the current, 2025 debt millage rate
 - The tax rate for taxpayers will remain at its current level - 7 mills for school construction, technology, buses
- Providing \$230 million for district-wide improvements to our 14 school buildings & sites
- Proposal Pillars:
 - Building for the Future
 - Advancing Excellence

**ZERO MILL
INCREASE**

BUILDING FOR THE FUTURE

Providing safe and functional spaces that support learning

- **Add air conditioning** – all remaining schools
- **Improve safety and security** – electronic door locks for all classrooms
- **Enhance entry circulation and safety** – improve students experience and strengthen security at Rockford HS and East Rockford MS
- **Gym or cafeteria additions** – all remaining elementary schools that have a combined gym and cafeteria
- **Aging infrastructure** – mechanical, electrical, plumbing, roofs, and outdated systems
- **Enhance outdoor facilities to improve community experience** – restrooms, seating, entry/exit
- **Update technology infrastructure**
- **Playground equipment upgrades** – all remaining schools
- **Replace aging buses** – maintain the replacement cycle to keep the fleet modern and safe

ADVANCING EXCELLENCE

Creating dynamic learning environments that support student success, innovation, and opportunity

- **Performing Arts Center renovation** – New seats, stage, walls, and interior improvements
- **Construction of the Ram Center** – indoor turf fieldhouse for athletics, fine arts, and community rec. Classrooms for digital media, sports marketing, and business programming
- **Career exploration classrooms at Rockford HS** – Expanding hands-on learning through Robotics, Skilled Trades, STEAM, and Health Sciences
- **Enhance student experience** – Reimagining and renovating student-centered collaboration spaces
- **Early childhood renovations** – Updating spaces to support our youngest learners and enhance safety
- **Update educational technology**

IMPACT ON TAXPAYERS

- Zero mill increase
 - Tax rate stays the same
 - 7 mills total
 - One mill equals \$1 per every \$1000 of taxable value
 - Taxable value can rise at the rate of inflation of 5% - whichever is less
- As the value of a house increases the amount you pay will increase

ROCKFORD PUBLIC SCHOOLS BOND PROPOSAL

Shall Rockford Public Schools, Kent County, Michigan, borrow the sum of not to exceed Two Hundred Thirty Million Dollars (\$230,000,000) and issue its general obligation unlimited tax bonds therefor, in one or more series, for the purpose of:

equipping, re-equipping, furnishing and refurbishing school buildings and facilities; remodeling, erecting and acquiring school buildings, facilities and additions to school buildings and facilities; acquiring, installing, equipping and re-equipping school buildings for instructional technology; purchasing school buses; and acquiring, preparing, developing, improving and equipping athletic fields, play fields, playgrounds, structures, facilities and sites?

The following is for informational purposes only:

The estimated millage that will be levied for the proposed bonds in 2026 is .73 mill (\$0.73 on each \$1,000 of taxable valuation) for a 0.00 mills net increase over the prior year's levy. The maximum number of years the bonds of any series may be outstanding, exclusive of any refunding, is thirty (30) years. The estimated simple average annual millage anticipated to be required to retire this bond debt is 2.59 mills (\$2.59 on each \$1,000 of taxable valuation).

(Pursuant to State law, expenditure of bond proceeds must be audited and the proceeds cannot be used for repair or maintenance costs, teacher, administrator or employee salaries, or other operating expenses.)
