February 2026

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2024-25 educational progress for Cannonsburg Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about accountability, student assessment, and teacher quality. If you have any questions about the AER, please contact Teya Cotter for assistance.

The AER is available for you to review electronically by visiting the following link: [Cannonsburg Elementary School's Academic Educational Report](#), or you may review a copy in the main office at your child's school.

For the 2025-26 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student group in 2024-25. An Additional Targeted Support (ATS) school is one that had at least one student group performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state, had a graduation rate at or below 67%, failed to exit CSI status in 2024-25, or failed to exit ATS status in 2021-22. Some schools are not identified with any of these labels. In these cases, no status label is given.

Our school was identified for: no status label.

We are proud to share that Cannonsburg continues to excel academically, with over 70% of our students proficient in math and reading on the M-STEP assessment and NWEA MAP Test. In both areas, the percentage of proficient students remains above the state average; however, we continue to strive for all students to meet or exceed grade-level benchmarks. To support this goal, teachers collaborate in grade-level professional learning communities to analyze student data, differentiate instruction, and implement tiered support strategies, ensuring every student thrives and is focused on essential standards. Teachers instruct 90-120 minutes daily using Core Knowledge Language Arts (CKLA) and Everyday Math 4 curriculum to ensure consistent, high-quality Tier 1 instruction for all students. Grade-level teams collaborate and share students to provide targeted Tier 2 learning experiences based on student needs, including reteaching and extending their learning. For the 3-5% of students who are still approaching grade level expectations, we provide targeted reading interventions five days a week, focusing on foundational skills.

State law requires that we also report additional information:

1. Students are enrolled into Rockford Public Schools via a centralized, online enrollment system. Upon enrollment, students are placed into the appropriate building based on their home address, and then placed into the appropriate grade level and classroom based on previous

placement, test scores and team discussion.

2. All elementary and secondary schools in RPS participate in strategic planning and goal setting. The primary purpose of the planning is to increase student learning for every student. The [RPS MICIP Plan](#) provides initiative focus for each building and the goals also align with priorities identified in the [RAMS XII Strategic Plan](#). Named FAST Goals, the building progress monitors evidence towards meeting benchmarks three times per year.
3. Cannonsburg Elementary School fosters academic growth, creativity and community for the Rockford Public Schools students in Kindergarten through Fifth grades.
4. If you would like to access a copy of the core curriculum, a description of its implementation and explanation of the variances from the state's model, please contact Teya Cotter, Belmont Elementary School principal.
5. Cannonsburg Elementary School state proficiency achievement results on Spring MSTEP benchmark assessments for 2024 and 2025 are as follows:
Spring 2024: MSTEP Math 74%, MSTEP Reading 70%
Spring 2025: MSTEP Math 71%, MSTEP Reading 71%
6. The parent/guardian teacher conference attendance percentage for the previous two school years at Cannonsburg Elementary School are listed below:
2023-2024: 98%
2024-2025: 96%

Cannonsburg Elementary makes a significant positive impact on the Rockford School Community. Increasingly, the student learning focused initiatives, including aligning with the Professional Learning Communities and Multi-Tiered Systems of Support beliefs and structure continue to shape a student learning trend that is increasing. Cannonsburg Elementary is proud to partner with its families and together prepare students for their next steps in life.

Sincerely,

Teya Cotter
