ABSENCE

If a student is absent from school, a parent or guardian must call the school, preferably before 10:00 a.m., to excuse the student for that day. If a phone call is not possible, a written excuse is permissible upon your return. If the office has not received a phone call or note within two (2) days of the absence, the student will be unexcused for the day/days absent. This may result in an assignment of an Extended Detention. The note should be written, signed, and dated by the parent/guardian and include the dates to be excused. Excused absences will be given for: illness, death in the family, and advanced absence permits. Students may not attend school activities on days absent from school

- unless prior administrative approval is given. Homework requests can be made on the second consecutive day of absence. This request must be made before 9:00 a.m.

ADVANCED ABSENCE PERMITS

Permits must be obtained from the attendance office at least five (5) school days prior to the absence. Students must bring a note from home with the student's name, destination, and the dates of the absence. Approval to circulate the permit must be given by an administrator. Generally, parent-chaperoned vacations and scheduled medical care will be approved. Deer hunting will be allowed only for a maximum of the first two academic days of the hunting season. Student group vacations will not be considered excused. If an administrator allows an advanced absence permit to be circulated, all teachers must sign and indicate if the absence will or will not likely affect the student's grade. The parent's signature will complete the advance absence permit. Students absent from school without the advance absence permit will be considered unexcused.

ATHLETIC TRAINING CODE

The Rockford Public Schools provide a well-rounded program of interscholastic athletics with a wide range of voluntary athletic activities for both young men and women. To be a member of a Rockford athletic team is a privilege afforded by the Board of Education. Every privilege has a number of responsibilities; athletics is no different.

Student/athletes must develop and maintain habits of personal behavior and health, which will enable them to perform well, to minimize risk of injury, and to represent themselves and Rockford in a manner that merits respect for all. Athletes have a tradition to uphold and an attitude to display. We will be successful with class, style, and sportsmanship.

WHO /WHEN

All members of athletic teams (players, managers, trainers) are bound by the following training rules at all times throughout the entire calendar year.

SUBSTANCE USE/POSSESSION AND CRIMINAL VIOLATIONS

Athletic training rules forbid the use or possession of tobacco (in any form), alcohol, drugs, anabolic steroids, look-alike drugs, narcotics, controlled substances, and/or actions deemed misdemeanors or felonies under the criminal code by any student/athlete who represents Rockford Public Schools.

A. PENALTY

1. First offense for use or possession of alcohol, drugs, anabolic steroids, look-alike drugs, narcotics, or any controlled substance, and/or actions deemed misdemeanors or felonies under the criminal code will result in immediate suspension from competition for one-third of the scheduled athletic contests in the sport the athlete is participating in, or will participate in.
2. First offense for use or possession of tobacco (in any form, including e-cigarettes, vapor pens) will result in suspension from competition for one-fourth of the scheduled athletic contests in the sport the athlete is participating in, or will participate in. A suspension will carry over into the next season of competition if the student/athlete does not complete the suspension in his/her present season.
3. Second offense will result in suspension from all athletics for a period of 12 months from the date of suspension.
4. Third offense will result in permanent barring of the student/athlete from participating in all athletics for his/her high school years.

B. SUSPENSION PROCEDURE WILL BE:

1. The student/athlete will be informed of the violation by his/her coach and/or the Athletic Director.
2. Administration will contact the student/athlete's parents or guardians, stating the offense, penalty, and appeal procedure.

CONDUCT/BEHAVIOR VIOLATION

Student/athlete shall conduct him/herself in such a manner as not to bring discredit to the school, team, or him/herself. Examples of conduct/behavior violations include, but are not limited to: gross misbehavior, vandalism, theft, insubordination, school suspension, inappropriate use of social media, hazing in any form, conduct unbecoming of an athlete, etc.

A. PENALTY

1. As determined by the Head Coach and Athletic Director upon investigation and based on guidelines in the handbook.

B. SUSPENSION PROCEDURE

1. As stated above (Section B).

C. SELF REPORTING

1. If a student self-reports a code of conduct violation, the administration and head coach may reduce the suspension as deemed appropriate. Self-reporting to the principal or athletic director will only be allowed for reductions for first offenses and must be made prior to the investigation by RPS administration.

ACADEMIC ELIGIBILITY

RPS STANDARDS: Students must pass four classes with a minimum of three C-'s.

GRADE CHECKS

Grade checks will be done multiple times throughout the athletic seasons. Students can gain or lose eligibility with each grade check. For students who become ineligible, a grade check will be done within the two-week period to determine the eligibility of the student.

INELIGIBILITY

Students who do not meet the MHSAA standard at the end of a trimester (passing four classes) are ineligible to play on a Rockford athletic team for the next trimester (60 scheduled school days). Any student/athlete who does not meet MHSAA or RPS requirements during a trimester will be ineligible for a minimum period of one week – Sunday to Sunday.

EXCEPTIONS

If the student successfully completes summer school, correspondence courses, or online courses approved by the school, this restores eligibility as soon as the grades become part of the student/athlete's official transcript.

SPECIAL EDUCATION WAIVER

Students for whom an individualized education plan (IEP) is on file at the time they would have been declared ineligible will automatically be afforded a review of their grades by a committee of the student's special education teacher, counselor, coach, and principal. This review may waive the ineligibility period if, in the committee's judgment, the student has made every effort to meet the standard.

SCHOOL ATTENDANCE

ATTENDANCE POLICY

Student-Athletes must be present for 4 hours of the school day to participate. Excused absences require a doctor/dentist/orthodontist note, otherwise the student could be deemed ineligible to participate in practice or competition that day. Any team rules for missing practice or contest may apply at the discretion of the coach and/or athletic director.

EXCEPTIONS

This may be waived by RPS Administration for school events, funerals, family requests, etc.

ATTENDANCE

COUNTY ATTENDANCE GOAL

Attendance is a critical component for student success at the middle and high school levels. Research demonstrates that students who miss five or fewer days per school year have an educational advantage over those who are absent more often. Therefore, Rockford Public Schools is in support of the **STRIVE FOR FIVE** Attendance Campaign, organized and supported by the Kent Intermediate School District. This benchmark of five absences is also well-aligned with the RPS

vision of preparing graduates for college and career. Students and their parents are encouraged to make all attempts to maximize student attendance and school participation.

Strategies for maximizing instructional time for students:

- Schedule routine appointments in advance for after-school hours or during scheduled time off from school. If your provider offers limited appointments in these windows, voice your concerns about availability for student appointments.
- Avoid scheduling vacations during scheduled school days.
- Provide medications as appropriate for your student's use in the health office at the school.
- Parents/Guardians must drop the medications off and fill out a brief form.
- Unless your student is showing signs of contagious illness or is physically unable to attend, he/she should attend each day.
- Provide regular healthcare for your student to ensure overall wellness.
- Take your child to the doctor when illness prevents him/her from attendance on multiple consecutive days.
- Establish a consistent sleep schedule to support waking in the mornings.

GENERAL ATTENDANCE PROCEDURES

- Students will strive for fewer than five total absences during the school year.
- Students are responsible for the completion of work that is missed due to absences and are expected to arrange work in advance for planned absences. Teacher support will be provided as necessary.
- Credit may be withheld for work missed due to an unexcused absence.
- Absences related to school-sponsored activities (with advanced approval from building administration) are considered "uncounted" in a student's attendance record.
- Absences related to college visitations are considered "uncounted" in a student's attendance record. Only juniors or seniors are eligible to apply for visitation days. Requests are limited to two days for juniors and two days for seniors per year. Advanced requests should be submitted five days in advance.
- Students must be in school for three or more class periods in order to participate in co-curricular activities that day. Exceptions must be approved by the building principal.
- Students are required to arrive at school and to each class on time. See "TARDINESS" for details on consequences for failing to arrive on time.
- Excused Absences are issued for reasons involving illness, recovery from an accident, professional appointments, death in the immediate family, observation or celebration of a bona fide religious holiday, or other justifiable cause.
- Unexcused absences are issued for school refusal, missed bus, car problems, oversleeping, or when a parent/guardian deems appropriate.

CHRONIC ABSENTEEISM AND TRUANCY

- RPS is aligned with all public schools in Kent County with regard to definitions for absenteeism. Schools are required to report chronic absenteeism and truancy to the Kent County Intermediate School District Office of Truancy and School Attendance.
- Chronic Absenteeism is when students miss five or more scheduled school days, including excused and unexcused absences.
- Truancy is ten unexcused absences in a school year.

ABSENCE REPORTING

- Parents or guardians are required to call the school to report absences within 24 hours.
- Please indicate the reason for your student's absence in the call.
- Written notes are not accepted to excuse student absences.

SCHOOL ATTENDANCE ACTIONS

Students who exhibit attendance patterns that are likely to interfere with their educational attainment, or meet the established criteria for chronic absenteeism or truancy, will be subject to school interventions, which may include some or all of the following steps:

- Automated messages related to attendance (email and or phone message).
- Student meeting with school staff (i.e. school counselor, assistant principal, social worker, or teacher).
- Parent/Guardian phone or email contact.
- Development of Attendance Improvement Plan and subsequent monitoring of the plan.
- Reporting from the school building to the Kent County Intermediate School District Office of Truancy and School Attendance.
- Period of attendance probation.
- Application of ATTENDANCE POLICY when other interventions have not resulted in improved attendance.

BACKPACKS/ATHLETIC BAGS

No backpacks are to be carried during the school day without permission from the main office.

BICYCLES, SCOOTERS, SKATEBOARDS

Bicycles should be kept in the bike rack at NRMS and should be kept locked. No student will be allowed to use their bicycle during the school day. If a student violates this rule, he/she will no longer be allowed to ride a bicycle to school. Skateboards, scooters, mopeds (and bikes at ERMS), or similar types of vehicles are not allowed on school property.

BULLYING

Our policies on bullying directly reflect that of Matt's Safe School Law (2012). "Bullying" means any written, verbal, or physical act, or any electronic communication that is intended or that a

reasonable person would know is likely to harm one or more pupils either directly or indirectly by doing any of the following.

- Substantially interfering with education opportunities, benefits, or programs of one (1) or more pupils.
- Adversely affecting the ability of a pupil to participate in or benefit from the school district's or educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
- Having an actual and substantial detrimental effect on a pupil's physical or mental health.
- Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Students are encouraged to report bullying to school staff so that it may be addressed. Bullying may be reported directly to a staff member, in person or through e-mail/Schoology message, or through Okay 2 Say (michigan.gov/ok2say). Reports will be confidential at the request of the reporting student, unless there is reason to believe that student safety is in imminent jeopardy.

Students who do not adhere to our high standards of behavior will be subject to the consequences of the student code of conduct.

BUS REGULATIONS

The buses are operated for your convenience and safety. The primary consideration in making regulations for riders is the safety of all. We want all students to be happy and comfortable while riding. In order to meet these objectives, the following requirements must be observed while riding a bus to and from school, and during any extra-curricular activities:

1. The driver is in complete command of the bus at all times. The driver's orders are to be respected and followed completely at all times. If there is a misunderstanding at any time, the matter should be brought to the attention of the principal.
2. Students living within the Rockford School District may be required to walk not more than one mile to the bus stop.
3. Once routes are established, the buses strive to be within a 10-minute window of the designated route time. Weather, road, and traffic conditions dictate our ability to be consistent. Students are to be waiting at their assigned places on time. Except in extreme cases, buses will not wait for students.
4. After boarding a bus, the student will not be allowed to get off prior to arrival at school or home, whatever the case may be. Notes are NOT accepted. If there is a change, parents or school personnel should contact the transportation department. (Buses are too full.) Students are allowed to get off the bus for events held at other school buildings (sports practices, etc.).
5. ONLY in the event of a family emergency are students permitted to ride an alternative bus. Parents must notify the transportation department of such a change. 616.863.6328.
6. While awaiting the bus at school, students should wait until the bus comes to a full stop before moving toward it.
7. Board the bus with care, go directly to a seat, sit down, and remain in that seat until it is time to get off.
8. While on the bus:
 - a) Be reasonably quiet.
 - b) Do not take other students' property or indulge in hitting or horseplay with other students.
 - c) Remain in your seat at all times.
 - d) No food or beverages are to be consumed on the bus.
 - e) Students causing damage to bus seats may be charged a minimum of \$100 for seat cover replacement.
9. When you get off the bus and have to cross to the other side of the street, cross in front of the bus. Students crossing the street MUST look at the driver/crossing paddle and in both directions of the road before proceeding across the road.
10. Students who persist in breaking any of these rules, or who make themselves general nuisances endangering people's lives by distracting the driver, will be refused the privilege of riding the bus. Such cases will be handled through the principal's office.
11. Make your bus the best one in the fleet by cooperating with the driver and being thoughtful and courteous to other students.

Section 1.01 Student Conduct Report (Follow School Board Policy)

- 1st Notice: Warning- student may receive an assigned seat for five days
- 2nd Notice: Student may be suspended from the bus for five days
- 3rd Notice: Student may be suspended from the bus for ten days

- 4th Notice: Student may be suspended from the bus for 30 days

Note: Any further incidents that result in a bus conduct report may lead to suspension of bus riding privileges for the remainder of the school year.

CHANGE OF ADDRESS/STUDENT INFORMATION

If your last name, street address, telephone number, or emergency number changes during the school year, please notify the attendance, counseling, or main office immediately. This is very important for keeping our records up to date and for being able to contact a parent/guardian in case of an emergency.

CLOSED CAMPUS

All students will be under the "Closed Campus" concept. This means that students are to remain in the school building and designated areas from the time they first set foot on school property in the morning until the time they board transportation to leave at the end of the day. Failure to comply with this policy can/will result in the student being assigned an After-School Detention or an Out-of-School Suspension.

CUMULATIVE RECORDS

Permanent record folders are kept for each student who attends Rockford Public Schools. The files contain subjects taken, and grades received; attendance records; health records; records of the various schools attended; birth records; and any other pertinent information. Students should note that employers, colleges, and others demand the information kept in these files for the acceptance of the student for a job or for admission to colleges and universities.

DISCIPLINE

The discipline in Rockford middle schools is designed to motivate students to make better choices in the future. If it becomes apparent that one mode of discipline is not effective, alternative plans may be implemented. The first step is the teacher's contact with the parents involving the behaviors of a minor problem. Major discipline problems will be dealt with immediately, and contact with parents will be made after the fact (i.e., smoking, fighting, disrespectful conduct, etc.). Our discipline philosophy is based on three general goals for the building. They are:

- To provide an effective learning environment for all students at Rockford Middle Schools.
- To provide our students with a safe learning environment.
- To have students show respect for school property, student property, and all people at Rockford Middle Schools.

Discipline procedures to be used range from parent contact and student/teacher discussions to assignment of lunch detention, after-school detention, extended detentions, and in-school and/or out-of-school suspension.

It is important that parents, staff, and students work together to maintain a positive, educational atmosphere. Our goal is for each student to learn to be responsible for his or her own actions. Every student and staff member has a right to personal safety and freedom to learn.

With regard to discipline procedures, consistency for both administration and staff is held as a high priority.

With changing trends in fads and items available on the market, it would be impossible for the administration of this school to list every potential problem that could surface at the school. In cases that, for some reason, are not listed in the discipline code where behavior is disruptive to the normal school day or endangers the health, safety, and welfare of students, please be assured that discipline will be reasonable and just to correct the behavior. There are six (6) basic disciplinary actions available to teachers and administrators, which are listed below with a brief explanation of each. Should the staff decide to make changes, with board approval, parents and students will be notified.

LEVEL ONE DETENTION:

A 30-minute detention may be assigned to any student who fails to comply with school rules. Students are expected to act in a respectful manner. Reporting late to detention, missing detentions, or failure to follow the detention rules will result in the assignment of a day of in-school detention or an alternative consequence determined by the administrator.

LEVEL TWO (EXTENDED) DETENTION:

Extended Detentions run from 2:35-4:10 p.m. The extended detention will be assigned to students for improper behavior, which warrants this type of disciplinary action, or for repeated minor offenses. A student may earn a maximum of two Extended Detentions per nine-week period. Additional violations of school rules will result in an Out-of-School Suspension. When a student is assigned an Extended Detention, he/she will report to the assigned detention at 2:35 p.m. and will be required to study until 4:10 p.m. Missing an Extended Detention or arriving late will result in an Out-of-School Suspension.

SATURDAY SCHOOL:

The intent of Saturday school is to keep students in class and may be used in lieu of an out-of-school suspension. Saturday school sessions will be scheduled once or twice per month and take place from 7:30-10:00 am. If a student chooses not to attend an assigned Saturday School, that student will be suspended from school on the following Monday.

SNAP SUSPENSION:

In accordance with State law and Rockford Board of Education policy, Snap Suspensions may be issued by Rockford Public Schools teachers in accordance with the following definitions, policies, and procedures. A teacher is authorized to immediately remove and suspend a student from a class, subject, or activity for up to one day for violation of the following inappropriate behaviors as defined by the student discipline code of conduct:

- 1) Harassment and/or sexual harassment
- 2) Profanity/obscenity
- 3) Insubordination/insolence
- 4) Gross misbehavior.

Note: All other violations of school policy should be referred to the school administration. The following outlines the snap suspension procedure:

1. The teacher must inform the administration of the suspension before the end of the class, subject, or activity.
2. The teacher must send the student being suspended to the office as soon as the student is removed from the class.
3. The teacher will contact the parent/guardian of the student by phone by the end of the day, or in writing within two school days, and may request that the parent/guardian attend a conference to discuss the student's inappropriate behavior. An administrator will be present at the conference if requested. The school counselor, psychologist, or social worker shall also attend this meeting if requested by the parent/guardian or school.
4. The student shall not be returned to the classroom that day unless the teacher and administrator agree that it is appropriate.
5. The teacher will maintain written documentation of the Snap Suspension and place a copy in the student's discipline file.

OUT-OF-SCHOOL SUSPENSION:

Out-of-School Suspensions will result for serious misconduct and/or as part of the progressive disciplinary action to help students modify unacceptable behavior(s) when it appears other measures are ineffective. Exclusion from school-related activities will occur until the student returns from suspension. Homework will be made available.

Automatic In-School Suspension and/or Out-of-School Suspensions are the possible consequences for the following situations: possession of fireworks, possession of, use of, and /or sale of drugs, alcohol, tobacco, aggressive behavior, gross misbehavior. These items are listed as examples and do not include every situation in which a suspension may be issued.

In-school and out-of-school suspensions will only be assigned by the principal and assistant principal and may be from one to ten days in duration. Regardless of the length of suspension, all homework must be made up within two days after returning to class. The principal, in extenuating circumstances, may grant more than two days. The student will receive credit for work that is completed.

In cases where suspensions do not change a student's behavior, a recommendation for expulsion from school will be filed with the Superintendent of Schools for presentation to the Board of Education. Students participating in athletics, band, choir, or after-school activities will be prohibited from participating/practice until the suspension is served and the student returns to school. In order to provide the best educational environment for students at Rockford Middle

Schools, good discipline is essential. Mutual respect between students and school staff is important.

APPEAL PROCEDURE:

Students receiving a suspension may appeal in writing to the building principal within 24 hours regarding the suspension. A summary of the hearing and action taken will be provided in writing to the student.

EXPULSION PROCEDURE:

Students who are guilty of continued serious misconduct according to Board Policy may be recommended to the Board of Education for expulsion from all schools in the District, according to the following conditions:

1. The principal of the school with the restorative practices team shall exhaust all means of bringing about a correction in the misconduct and shall have brought the case before the Superintendent or the Superintendent's delegate.
2. Juvenile authorities and law enforcement agencies shall have been consulted if they are involved.
3. Parents shall have been consulted freely, and all possible support from them shall have been secured.
4. The assistant principal, or his/her delegate, shall suspend the student until the time of the next Board meeting, at which time the student's name will be presented to the Superintendent and hence to the Board of Education with a recommendation.
5. The Board of Education will arrange for a review of the case at a closed session with the parents and the principal, and other parties involved, and expulsion will be determined by the Board of Education.
6. A complete written record of each case is to be kept and submitted to the Board of Education 48 hours in advance of the Board of Education meeting, where this hearing will be held.
7. Expulsion means that the student's relationship with the Rockford Public Schools is terminated. This includes access to school property and school-related events.

REINSTATEMENT OF THE STUDENT – REQUEST:

1. Reinstatement following the expulsion can only be granted formally by the Rockford Board of Education if a formal application for reinstatement is submitted. Requests for reinstatement must be directed to the Assistant Superintendent of Instruction.
2. A reinstatement hearing will be held within 10 school days after receiving the formal application for reinstatement.
3. The Board of Education, after hearing from the parent, student, and administrator, will reach a decision whether to reinstate the student or reject reinstatement.
4. Once a decision is made by the Board of Education, the process is complete. If the decision is made to reinstate the student, the administrator will determine the appropriate placement, educational program, and possible behavior plan.

 - e. Students are not allowed to use an electronic device to record any prohibited activities/behaviors. Some examples are, but not limited to: harassment, fights, and academic disruptions.
2. The use of any electronic devices during testing or exams, other than those sanctioned by the teacher in charge of the testing, is strictly prohibited. During the testing session, electronic devices are to be turned off and stored in a case, book bag, or purse, and may not be in the student's possession during testing.

9. A student who engages in any misconduct off school property (including the internet) that was initiated at school, is related to a school situation, brought into school, or is the result

of disciplinary action being taken by school personnel, will be subject to disciplinary action up to and including expulsion. PA 104 requires the exchange of information between the school and law enforcement agencies. The school must act upon information obtained through this act. The administration of RPS has the right to monitor social media publications that impact the school day.

EMERGENCY PROCEDURES

Lockdown

Lockdown is our procedure for a coordinated response to a potentially life-threatening situation in one of our buildings. When students hear the announcement of Lockdown, they are to follow the directions of the staff. If a student is out in the hall, he/she should go to the nearest classroom. Students in the restrooms should remain there until given directions. The Lockdown procedure drills shall be practiced in accordance with the State of Michigan-mandated drill guidelines.

Fire Drills

When the fire alarm is activated, students will follow the direction of the staff. They will move as quickly as possible out of the building and remain together as a class. Teachers will instruct students to the safest exit route. Staff will close classroom doors and turn out lights after everyone has exited the classroom. Teachers will remain with their class. Once outside, teachers shall take attendance and advise administration or security if any students are missing or if they have students other than their own with them. Once the all-clear is given, all staff and students shall return to their classrooms.

Tornado Instructions

If there is a "Tornado Watch" or "Warning", students will be sheltered at school in designated areas as posted throughout the building.

EQUITY POLICY FOR ALL STUDENTS

It is the policy of Rockford Public Schools to offer students the opportunity to participate in curricular and co-curricular programs, services, and activities without regard to race, color, religion, sex, national or ethnic origin, disability, sexual orientation, or social and family background.

While in school or participating in school-related activities, students, staff, and volunteers are entitled to an environment free from:

- Discrimination and/or harassment.
- Slurs or innuendoes about race, color, religion, sex, age, nation or ethnic origin, disability, sexual orientation, or social and family background.

- Comments or actions related to race, color, religion, sex, age, nation or ethnic origin, disability, sexual orientation or social and family background that could interfere with an individual's school performance or participation in educational opportunities.
- Sexual advances, requests for sexual favors, or physical conduct of a sexual nature.

Students shall report policy violations directly or by Schoology message, OK2say, or through a parent/guardian to any district personnel. If the student wishes to remain anonymous, reports shall include as much information as possible (ex: who, when, where, witnesses, what). Administration will investigate allegations and respond in accordance with our Student Code of Conduct. Please note - substantiated case of a false claim in which a student willfully, intentionally, in bad faith, wrongfully accuses another student or adult, shall result in disciplinary action as noted in the Student Code of Conduct.

FERPA/DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (20 U.S.C. 1232g; 34 CFR Part 99) is a Federal law that gives parents the right to have access to their children's educational records, the right to seek to have the records amended, and the right to have some control over the disclosure of information from the records. FERPA defines "education records" as "those records, files, documents, and other materials which:

- Contain information directly related to a student; and
- Are maintained by an educational agency or institution or by a person acting for such agency or institution.

The term "education records" does not include student work created, used, or kept in the classroom that does not become part of the student's institutional record.

FERPA prohibits the release of educational records to a third party without parental or eligible student consent, except when it comes to student directories. A student directory generally includes the student's name and address (we have chosen not to include items such as phone number, date and place of birth, field of study, participation in officially recognized activities and sports, and other personal information). Photographers for senior pictures, school class ring companies for freshman students, and other vendors such as this may request student directory information. By law, we must inform parents that we will be giving the information stated above (name and address) to vendors, if requested, on a limited basis. By law, parents have the option of "not participating" in the student directory information. If you do not want your son/daughter's name included in the Rockford School student directory, please indicate by putting such in writing and return to the school's front office. If you have any questions or would like additional information, please feel free to contact the school's administration.

GRADES

Philosophy: It is important for students to do the best they possibly can. The grade you earn in a given subject is not the most important thing; what you learn is what really counts. If you do the very best you are capable of doing in each of your subjects, you are likely to receive at least a passing grade. If you are at risk of failing a class, a teacher will consult with you and, when possible, with your parents. It is our business to help you succeed. If you fail, we also fail.

GRADING SYSTEM:

Every twelve weeks, each student in grades 6-8 receives a letter grade in each course. These grades or marks are given so that the student, parents, and teachers know where the student stands. This grade is the evaluation of the student's performance for the 12-week period. A final grade is given at the end of each trimester. This grade is entered on the student's cumulative record and is available to high schools and other institutions of learning to assist them in determining the merits of the student for entrance to their course of study.

GRADING SCALE:

	A= 4.0 or more	
B+ = 3.7	B= 3.0	B- = 2.71
C+ = 2.7	C= 2.3=	C- = 2.0
D+ = 1.7	D= 1.3	D- = 1.0
	E= 0.7 or less	

Note: While a student may receive an A+, it counts as a 4.0 GPA.

GUIDANCE

The Rockford Middle Schools have two full-time guidance counselors to assist students with individual problems in terms of physical, educational, social, emotional and moral needs. Daily or weekly progress reports may be utilized through our counseling office on a needs basis or through parental request.

HOMEWORK POLICY

We believe that homework is an integral part of the educational process that reinforces and enhances learning. Teachers, students and parents need to cooperate to make homework a valuable experience. The following guidelines will help make learning more successful. Homework for most classes can be found on Schoology.

Teacher Responsibilities:

1. Provide the students and parents with a written communication of the teacher's policies on homework, including:
 - A) How homework affects the final grade.
 - B) Procedures for homework submission.
 - C) Policies for missing, late, or incomplete work.

2. Assign homework that enhances learning.
3. Demonstrate study skills applicable to the class.
4. Provide opportunities for students to receive feedback on homework.

Student Responsibilities:

1. Complete homework as assigned.
2. Complete own work utilizing necessary resources.
3. Manage time to complete work.
4. Understand what the assignment is. (Ask questions!)
5. Have the necessary materials to complete homework.

Parent Responsibilities:

1. Establish homework as a family priority.
2. Provide a quiet study place in the home.
3. Help the child to schedule a regular study session.
4. Provide assistance and encouragement.
5. Monitor homework performance and ensure completion of daily assignments.
6. Notify the teacher if persistent problems or difficulties are noticed during study times at home.

Homework Includes:

1. Assigned activities to be done at home to reinforce and/or extend learning.
2. Special projects and reports that require added efforts at home.
3. Study required in preparation for tests and/or class work.
4. Opportunities for students to demonstrate mastery of the material.

Homework/Classwork and Absences

Students who miss class due to an excused absence shall be given the opportunity to complete the assigned work for full credit. To avoid an accumulation of work, students are encouraged to view Schoology and complete assignments as physically able while absent. Students unable to complete work during the absence shall be given additional time (1 additional day per day of excused absence) to complete and submit the work for full credit. The due date extension only applies to work that is assigned or administered during the absence.

Homework Guidelines:

7th and 8th Grades 60 - 80 minutes per night
9th through 12th Grades 75 - 120 minutes per night

Note: The above figures are approximations. These figures may vary according to an individual student's test schedules, reports due, etc.

HONOR ROLL

In order to be eligible for the “Principal’s Honor Roll”, a student must have a 3.8 GPA or better. Students receiving a 3.5 to 3.7999 GPA will be on the “Honor Roll”.

LIBRARY/MEDIA CENTER

Students may have up to five (5) materials checked out from the Media Center at any one time.

Books are checked out for a period of three

(3) weeks; magazines for overnight only; and reference books for the school day. Fines are charged on overdue material at the rate of \$.05 each per school day. Books/magazines that are lost must be paid for at the purchase price. Students will be notified weekly of overdue fines/books. Students who have two (2) or more overdue materials will need to return or pay for those materials before they may check out other items. Fines of \$1.00 or more also need to be paid prior to checking out further materials.

LOCKERS

Students will be assigned a locker for their use at the beginning of each school year. Students will be responsible for the contents of the locker and its upkeep. Students are advised that the lockers are owned by the school and are assigned on a temporary basis. The building administration, therefore, reserves the right to inspect the contents of any locker at any time when, in the opinion of the school official, he/she is acting to protect the health, safety, and welfare of the school community, to enforce school rules, and/or there is a reasonable suspicion that the search will produce evidence of a violation of school rules relating to the health, safety, or welfare of the student body or staff. In the event of such an inspection, every effort will be made to have the student present when the inspection takes place. Students MAY NOT change or use lockers from those originally assigned without permission from an administrator.

LUNCH/ BREAKFAST PROGRAM

The school food service program provides a planned, well-balanced menu featuring a main dish and à la carte items daily. All of the serving lines are computerized, and a debt account can be set up for each student and money deposited in this account at any time during the three lunch periods. Students will be able to use this money for food items only, and any refund of money in accounts will be sent by check upon request of the parent/guardian. Students must remain in the cafeteria or other designated areas. Students are not to be in the academic or athletic wing during lunch periods. All food or beverages must be consumed in the cafeteria area. Students are expected to clean up after themselves.

MEDICATION PROCEDURES

- The state of Michigan requires a parent/guardian signature AND a licensed health care provider signature on a Medical Authorization Form for medications administered at school.
- Parents must submit a medication permission form to the nurse’s office.

- No medications will be administered to a student without written permission from the parent/guardian.
- All medications must be brought to and from school by the parent/guardian.
- All medications must be in the original container, and the label must include the student's name, doctor, medication, and dosage.
- Any changes in the type of drug, dosage, or time of administration should be accompanied by a new physician and parent permission signature.
- All medication must be stored in the nurse's office.
- In cases where a deviation is necessary (inhaler, EpiPen), arrangements and procedures will be coordinated by the school principal in consultation with the school nurse.
- Unused medications must be claimed by the parents at the end of the school year, or they will be discarded.
- Secondary students participating in after-school or away events may self-administer non-prescription medication, provided all rules/regulations for After School Hours/Out of District are followed, including:
 - A) Prior written permission from the parent and administrator is obtained.
 - B) Prior approval must be obtained from the coach/advisor/athletic administrator. Permission forms are available in the athletic department or from the school advisor.

MONEY AND VALUABLE ARTICLES

Rockford Middle Schools are not responsible for items not locked up. Use lockers in the hall or PE locker rooms to protect all valuables. Rockford Public Schools encourages students not to bring valuables to school. Please do not bring large amounts of money to school. All valuable articles should be in the possession of the owner at all times. The school cannot accept responsibility for stolen money or other items, including iPods, MP3 players, and cell phones.

NATIONAL JUNIOR HONOR SOCIETY

Any seventh or eighth grade student with a cumulative GPA of 3.5 or higher is invited to join the National Junior Honor Society each spring. Membership requires that you maintain a GPA of 3.5 or higher as well as perform a minimum of two hours of community service each semester.

PLEDGE OF ALLEGIANCE

All students will have an opportunity to recite the Pledge of Allegiance to the United States flag each day.

PROGRESS REPORTS

The purpose of the progress report is to communicate student performance. Parents/students have the ability to view current grades at all times throughout a semester/trimester using Family Access.

PROMOTION/RETENTION POLICY

The staff at Rockford Middle Schools believes that each student must and will have the skills to be a successful life-long learner. Therefore, to qualify for promotion, each student in grades 6-8 must earn the required credits each year to advance to the next grade. Retention will occur only after the intervention steps have been implemented and have been unsuccessful. Each class will be assigned one credit for each nine-week marking period. Students would then earn 4 credits for a year-long class and 2 credits for a semester-long class, giving them 24 credits per year. A student must earn 20 credits per year to pass on to the next grade. To receive credit for a course, students must pass with a D- or better. They will have the opportunity to make up failed classes during summer school and receive credit for successfully completing them. If a failed class in 7th grade cannot be made up in summer school, failed classes may be substituted for electives in their 8th grade year. In the 8th grade, if failed classes cannot be made up in summer school, that student will be retained.

In grades 6, 7, and 8, students will be considered for retention if:

- They don't receive at least 20 credits.
- They are achieving significantly below ability and grade level.
- Retention wouldn't cause an undue social and emotional adjustment.
- Retention would have a chance of benefiting the child's long-range educational interest.

The decision for promotion or retention will rest with the building principal. A letter recommending retention, signed by the parents and principal, either approving or denying the request for retention, would be placed in the student's file.

Parents may appeal the decision of the building principal to:

- 1) The assistant superintendent for instruction
- 2) The Superintendent
- 3) The Board of Education.

RESTORATIVE PRACTICES

Rockford Public Schools will consider the inclusion of Restorative Practices in all appropriate disciplinary situations. Restorative Practices are actions with the purpose of repairing harm. Restorative Practices are also useful in helping the offending student understand the impact of his/her actions. Examples of restorative practices include:

- Reflection Form or Learning Opportunity
- Restorative Conference between Offender and Victim
- Apology
- Payment of Restitution
- Repair/Clean Vandalism
- Make Up Time Missed
- Counseling/Therapy
- Behavior Contract

Restorative Practices do not replace disciplinary consequences, but will be used in conjunction with discipline that warrants suspension. Restorative Practices will not be used when considerations indicate that:

- The offending student is unwilling to participate.
- The practices could cause further harm or discomfort to the victim.
- There is a significant perceived threat to safety

SALES AND SOLICITATIONS

All sales and solicitations within the school or school grounds by individuals or groups must have the approval of an administrator. All school club or group fundraisers must have previously completed the fundraising request form and received administration approval. A student may not sell any item(s) to school personnel or another student for individual profit.

SCHOOL SPONSORED ACTIVITIES

Activities sponsored by the school are an opportunity for students to grow into courteous and well-mannered young adults. This includes after-school events or any other school-sponsored activities. The following regulations apply to all students who attend these activities and are designed with the safety of each student in mind. School I.D. will be required.

1. After-school activities are generally two hours in length and will be at the end of the school day (2:30 - 4:30 pm).
2. All activities will be chaperoned by teachers and parents. The organization sponsoring the activity will be responsible for obtaining the necessary chaperones.
3. Students attending school-sponsored activities will be required to stay in the building and will not be allowed to leave early. Parents should arrive on time and request their child from the door. Students who do not adhere to designated pick-up times can be placed on social probation. Parents are encouraged to attend as guests or to come early and observe.

4. Only Rockford Middle Schools' students will be permitted to attend.
5. Dress will be appropriate school clothing.
6. Any student who does not obey these rules will be removed from the activity, their parents will be notified, and the students will be put on social probation for an appropriate period of time, meaning the student will not be allowed to attend any school-sponsored activities during that time.
7. Students will be prohibited from attending school-sponsored activities while on a suspension and/or until they have served their assigned extended detentions. A student's suspension is completed once they return to school.
8. Students with more than five absences will face a review of their records to determine if they should be permitted to participate in school-sponsored events.

SCHOOL TRIPS/SIXTH GRADE CAMP

When school-sponsored trips or activities are scheduled, students may be denied the opportunity to attend if their social behavior has been disruptive. Sixth grade camp is viewed as an optional extension of the regular Rockford Public Schools curriculum and is made available to all students who have exhibited responsible behavior and regular attendance as Rockford Middle School students.

Students with two suspensions (in or out) during the school year will face a review of their records to determine if they should be permitted to attend the camp or trips, if such an event is scheduled. All students with three or more suspensions will not be allowed to attend the class trip. The experience will also be denied to any student who consistently fails to exhibit responsible behavior or whose attendance record is not in good standing (more than 5 absences) as a Rockford Middle School student.

Certain unacceptable behaviors may result in automatic denial of the activity. These unacceptable behaviors include, but are not limited to: arson, possession of weapons, alcohol and drug possession or use, assault of school personnel and/or other students, serious acts of aggressive behaviors, gross acts of indecency and/or obscenity, serious acts of insubordination and/or insolence, and excessive disciplinary actions for disrespectful or irresponsible behavior.

SEARCH AND SEIZURE

Search of a student and his/her possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of the Board of Education, if there is a reasonable suspicion that the student is in violation of law or school rules. A search may also be conducted to protect the health and safety of others. All searches may be conducted with or without a student's or parent's consent. When a student refuses a search, a reasonable effort will be made to contact home to acquire consent from a parent. If a student and parent refuse the search based on reasonable suspicion or there is reasonable evidence to suggest that the student violated the student code of

conduct, this will be viewed as an admission of guilt, and the student will receive the consequence for the defined violation for which the search was being conducted.

Students are provided lockers, desks, and other equipment in which to store materials. It should be clearly understood that this equipment is the property of the school and may be searched at any time if there is reasonable suspicion that a student has violated the law or school rules. Locks are to prevent theft, not to prevent searches. If student lockers require student-provided locks, each student must provide the lock's combination or key to the principal.

Anything found in the course of a search that may be evidence of a violation of school rules or the law may be taken and held, or turned over to the police. The school reserves the right not to return items that have been confiscated. In the course of any search, students' privacy rights will be respected regarding any items that are not illegal or against school policy.

All computers located in classrooms, labs, and offices of the District are the District's property and are to be used by students, where appropriate, solely for educational purposes. The District retains the right to access and review all electronic, computer files, databases, and any other electronic transmissions contained in or used in conjunction with the District's computer system, and electronic mail. Students should have no expectation that any information contained on such systems is confidential or private.

Review of such information may be done by the District with or without the student's knowledge or permission. The use of passwords does not guarantee confidentiality, and the District retains the right to access information in spite of a password. All passwords or security codes must be registered with the instructor. A student's refusal to permit such access may be grounds for disciplinary action.

SEXUAL HARASSMENT POLICY

POLICY STATEMENT:

The Rockford Public Schools' sexual harassment policy prohibits sexual harassment of students and staff. Sexual harassment of students disrupts the educational process and interferes with the District's commitment to provide a stable learning environment to its students. All students are expected to conduct themselves with respect for the dignity of others. The Rockford Public Schools, because of its desire to prevent and prohibit sexual harassment of its students and staff, adopts this policy to give notice that sexual harassment of students and staff is wrong and will not be tolerated by the District.

DEFINITION OF SEXUAL HARASSMENT:

Sexual harassment includes, but is not limited to, any unwelcome or unwanted sexual advances, requests for sexual favors, or other verbal, written, or physical conduct of a sexual nature that is unwanted by, or unwelcome to, the student, and/or has the purpose or effect of substantially interfering with a student's educational environment. Such conduct or communications may be

illegal and will subject the harassing student to appropriate corrective action, including discipline, when such conduct or communication has the purpose or effect of substantially interfering with the other student's education or creates an intimidating, hostile, or offensive educational environment. Sexual harassment of students may take many forms. Examples of conduct prohibited by this policy include, but are not limited to, the following:

1. Verbal harassment or abuse of a sexual nature.
2. Pressure for sexual activity.
3. Repeated remarks with sexual or demeaning implications to students.
4. Unwelcome touching of a sexual nature.
5. Suggestions or demands of sexual involvement that are accompanied by implicit or explicit threats.
6. Sexual name-calling, gestures, jokes, and spreading sexual rumors about students.

REPORTS OF SEXUAL HARASSMENT:

The District encourages any student who believes he/she has been subjected to sexual harassment to report his/her concerns directly to any building principal or counselor (they will also explain the complaint procedure). Complaints or reports of sexual harassment shall be handled as confidentially as possible. However, in certain circumstances, the District may be required by the Child Protection Law to report child sexual abuse to the Department of Social Services or other designated law enforcement agency. All reports or complaints of sexual harassment will be promptly investigated by appropriate District representatives. Any student who violates this policy will be subject to appropriate corrective action, including suspension or expulsion. The District prohibits retaliation against students who file or make such complaints. Filing a complaint or otherwise reporting sexual harassment will not reflect upon an individual's status, nor will it affect a student's grades or work assignments. However, the District will take appropriate action if it finds that a student has deliberately filed a false complaint.

SILENT OBSERVER AND OK2SAY INFORMATION GOALS:

The goals of these programs are to make the environment in the Middle and High Schools safer by providing an avenue to anonymously report the presence of dangerous weapons, drugs, major thefts, and damage to property within or upon school property; and to give students the opportunity to empower themselves by stopping crime from occurring.

REPORTING PROCEDURE:

Parties reporting information are to utilize either OK2SAY or Silent Observer at the number below. The caller is to provide the necessary information to OK2SAY or Silent Observer staff.

- **OK2SAY – Text to 65279 – www.migov/ok2say**
- **SILENT OBSERVER - 616.773.2345 – www.silentobserver.com**

All tips will be investigated by the school and/or the police. As a caller or tipster, you may never know the outcome of the investigations.

STUDENT ASSISTANCE PROGRAM:

A K-12 Student Assistance Program, based within the school, provides a means for schools to continue quality education in the classroom while providing a mechanism for addressing high-risk behaviors in youth that interfere with their academic and/or social development. The objective of such a program is to assist, identify, refer, and follow up with students experiencing, or at high risk for, problems, depression, suicide, incest, family violence, family problems, or health-related issues. The Program links school systems with local networks or community agencies and resources in providing appropriate assistance to students. If in need of these services, contact your counselor.

Action Steps for Students

There are many steps students can take to help create safe schools. Talk to your teachers, parents, and counselors to find out how you can get involved and do your part to make your school safe. Here are some ideas that students have tried:

- Listen to your friends if they share troubling feelings or thoughts. Encourage them to get help from a trusted adult, such as a school psychologist, counselor, social worker, leader from the faith community, or other professional. If you are very concerned, seek help for them. Share your concerns with your parents.
- Work with local businesses and community groups to organize youth-oriented activities that help young people think of ways to prevent school and community violence. Share your ideas for how these community groups and businesses can support your efforts.
- Participate in violence prevention programs such as peer mediation and conflict resolution. Employ your new skills in other settings, such as the home, neighborhood, and community.
- Work with your teachers and administrators to create a safe process for reporting threats, intimidation, weapon possession, drug selling, gang activity, graffiti, and vandalism. Use the process.
- Help to develop and participate in activities that promote student understanding of differences and that respect the rights of all.
- Volunteer to be a mentor for younger students and/or provide tutoring to your peers.
- Know your school's code of conduct and model responsible behavior. Avoid being part of a crowd when fights break out. Refrain from teasing, bullying, and intimidating peers.
- Be a role model - take personal responsibility by reacting to anger without physically or verbally harming others.
- Seek help from your parents or a trusted adult, such as a school psychologist, social worker, counselor, or teacher, if you are experiencing intense feelings of anger, fear, anxiety, or depression.

Tips for Parents

Parents can help create safe schools. Here are some ideas that parents have tried:

- Discuss the school's discipline policy with your child. Show your support for the rules and help your child understand the reasons for them.
- Involve your child in setting rules for appropriate behavior at home.
- Talk with your child about the violence he/she sees on television, in video games, and possibly in the neighborhood. Help your child understand the consequences of violence.
- Teach your child how to solve problems. Praise your child when he/she follows through.
- Help your child find ways to show anger that do not involve verbally or physically hurting others. When you get angry, use it as an opportunity to model these appropriate responses for your child and talk about it.
- Help your child understand the value of accepting individual differences.
- Note any disturbing behaviors in your child. For example, frequent angry outbursts, excessive fighting and bullying of other children, cruelty to animals, setting fires, frequent behavior problems at school and in the neighborhood, lack of friends, and alcohol or drug use can be signs of serious problems. Get help for your child. Talk with a trusted professional in your child's school or in the community.
- Keep lines of communication open with your child, even when it is tough. Encourage your child to always let you know where and with whom he/she will be. Get to know your child's friends.
- Listen to your child if he/she shares concerns about friends who may be exhibiting troubling behaviors. Share this information with a trusted professional, such as the school psychologist, principal, or teacher.
- Be involved in your child's school life by supporting and reviewing homework, talking with his/her teacher(s), and attending school functions such as parent conferences, class programs, open houses, and PTA meetings.
- Work with your child's school to make it more responsive to all students and to all families. Share your ideas about how the school can encourage family involvement, welcome all families, and include them in meaningful ways in their children's education.
- Encourage your school to offer before-and-after school programs.
- Volunteer to work with school-based groups concerned with violence prevention. If none exist, offer to form one.
- Find out if there is a violence prevention group in your community. Offer to participate in the group's activities.
- Talk with the parents of your child's friends. Discuss how you can form a team to ensure your children's safety.
- Find out if your employer offers provisions for parents to participate in school activities.

STUDENT IDENTIFICATION

Rockford Middle School's students will be issued a photo identification card at Orientation. This card is required for the media center, cafeteria, and school activities. Rockford Middle School students will be required to provide proof of their ID when asked.

TARDINESS

All students with excused, pre-arranged (doctor, dental, etc.) tardies to school must report to the attendance office upon arrival at school. Excused calls must be received before the student's arrival at school. All students arriving before 8:00 A.M. will be considered tardy and must report to the attendance office. Any student missing more than 20 minutes of class will be considered absent from the class.

Tardy Policy:

1. Students will be allowed two free tardies for each class each trimester. Teachers will record tardies and keep track of accumulated tardies.
2. On the third tardy, a 30-minute detention will be issued.
3. Tardies beyond the third in a single class will result in additional consequences, which may include lunch detention, after-school detention, or Saturday School.
4. On the seventh tardy, the principal will schedule a meeting with the student and the student's parent to develop an attendance improvement plan, which will address the cause of the tardiness and identify consequences that may improve timely attendance, which may include revocation of driving privileges. The following is a partial list of what are considered unexcused tardies:
 - Oversleeping or the alarm not going off.
 - Missing the bus.
 - Car problems of any kind. A bus is provided for your transportation. If you choose to drive or ride with someone else, be prepared to be unexcused for vehicle breakdowns.
 - Bad road conditions, unless the administration excuses you. Again, if you choose to drive yourself or ride with someone else, give yourself enough time to arrive to school on time and safely.
 - Riding with another student who forgets to pick you up. It is your responsibility to get to school on time, not someone else's.

Tardiness Between Classes

If a teacher has detained you and made you tardy to your next class, that teacher will give you a slip that will admit you to the class without penalty. If, however, you are tardy for any other reason, you must account to the teacher to whose class you are tardy. No tardy slip will be issued by the office in these cases.

TECHNOLOGY USE

District Policy:

The network is provided for students to research and communicate with others. Access to the network is given to students who agree to act in a considerate and responsible manner. Users of the Rockford Public Schools Network are responsible for their behavior and communications over those networks. It is presumed that users will comply with district standards. Network storage areas may be treated in a similar fashion to school lockers. Network administrators may review files

and communications to maintain system integrity and ensure users are using the system responsibly. Users should not expect that files stored on district servers would always be private. Here are some guidelines to keep in mind when students use the district's network:

- Use of the network is only for the purpose of education and research.
- The district will not be responsible for any damages the student may experience, such as delays and interruptions, non-delivery of files/documents, or loss of data that is caused by the student's errors or omissions or otherwise.
- The district has a filtering program available through the network. Though the district will make efforts to block inappropriate material, students may be exposed to inaccurate or offensive material. The district makes continuous efforts to block student access to inappropriate material, but even the best filtering software cannot guarantee total blockage.
- The student knows that the network belongs to the district and that the district, in accordance with district policy, may examine all information stored on the network.

TITLE IX, SECTION 504, AGE DISCRIMINATION ACT, AND TITLE II

The government has made legal provisions to ensure that no person is discriminated against on the basis of race, color, national origin, sex, age, disability, religion, height, weight, or marital status. In order to protect these rights and assure compliance, the Rockford School District has appointed Ms. Korie Wilson-Crawford, Assistant Superintendent for Human Resources, as Coordinator of Title VI, Title IX, Section 504, the Age Discrimination Act, and Title II. Inquiries concerning the application of, or grievances for, any of these regulations should be addressed to: Ms. Korie Wilson-Crawford, Assistant Superintendent for Human Resources, Rockford Public Schools, 350 N. Main Street, Rockford, Michigan 49341. Phone: 616-863-6554. Any person, who feels that the rights of an individual have been misused in relationship to the provision of equal opportunity in any educational programs and activities, or in employment, may contact Ms. Korie Wilson-Crawford.

WEAPONS-FREE SCHOOL ZONE POLICY

The Board of Education of Rockford Public Schools, as both an employer and a public school district, is concerned with and interested in protecting the health, safety, and welfare of students, employees, and visitors. The Board recognizes that school buildings, facilities, vehicles, grounds, and other school property are best utilized in the educational process in the absence of threats to physical well-being and safety by individuals possessing weapons and/or dangerous articles.

In this interest, and under the terms of this policy, Rockford Public Schools shall be designated a Weapons-Free School Zone. No person shall possess a weapon on school property unless:

1. They are serving in the capacity of a peace officer; or
2. They are a person with prior permission from the Superintendent or his/her designee that a weapon may be possessed for educational or safety purposes; or
3. They are otherwise exempt under Michigan law.

Furthermore, the Board of Education of the Rockford Public Schools (or the Superintendent) shall permanently expel a student from attending school in the District if the student possesses a weapon or dangerous article on District grounds or at District or school events. Such expulsion is mandatory unless the student establishes in a clear and convincing manner at least one of the following:

1. That the object or instrument possessed by the student was not possessed for use as a weapon, or for direct or indirect delivery to another person for use as a weapon.
 2. The weapon or dangerous article was not knowingly possessed by the student.
 3. The student did not know, or have reason to know, that the object or the instrument possessed by the student constituted a weapon or dangerous article; or
 4. That the weapon or dangerous article was possessed by the student at the suggestion, request, or direction of, or with the express permission of, school or police authorities.
- Expulsions mandated under this policy shall be imposed in accordance with the procedures for student discipline as established by the District, and as set forth in the student handbook or other appropriate documents.

2025-2026 DISCIPLINE CODE OF CONDUCT

The Rockford Board of Education does hereby establish the following categories of misbehavior that may result in suspension or expulsion from school of any student, regardless of age, under its jurisdiction. The student may be referred to the Student Assistance Program for referral to an appropriate support agency. This list is offered as an example of unacceptable behavior and is not intended to be all-inclusive. These policies apply to all school-related activities and to the student while on school property, before or after school, and en route to and from school on District-provided transportation.

The disciplinary action identified for the various types of unacceptable behavior enumerated in the student disciplinary code of conduct states the minimal disciplinary action. The District reserves the right and discretion to impose more severe disciplinary action, up to and including expulsion, for unacceptable behavior regardless of whether it is the first offense. Additionally, when appropriate, the school administration reserves the right to deny any student who receives disciplinary action the privilege of attending school activities such as roller skating, dances, athletic contests, etc.

When possible, Rockford Public Schools believes in using restorative practices either in conjunction with or in lieu of traditional school consequences as outlined in the code of conduct. Essentially, the idea is to repair the harm that has been done by the student(s), involving the student(s) as much as possible in the process. Potential benefits of including restorative practices include improved school climate, reduction in student-student and student-staff conflicts, and reduction in suspension and expulsion.
