

2021 SUMMER LEARNING

MATH ONLINE TUTORING

GRADES K - 5

Rockford Public Schools is excited to offer online math sessions to grow your child's math problem solving skills, engage in math reasoning and build confidence in mathematics! These sessions will help your child focus on and strengthen understanding of important grade level math concepts from the 20/21 school year with a small group, online math tutoring class. Students will be engaged in planned lessons based on prioritized instructional standards, practice in a small group and have independent practice beyond the weekly sessions. These groups will meet online with a Rockford educator for one hour, twice a week, for a total of 8 sessions. **All math tutoring classes are FREE.**
