

SUPERINTENDENT UPDATES

October 6, 2022

Last night, Rockford Forward, a group of community members that supports the city of Rockford and the Rockford Public Schools, hosted a candidate night for both the Board of Education candidates and the city of Rockford City Council candidates. The forum was moderated and candidates were asked a series of questions.

All candidates who are running for these offices were invited to participate. Some chose not to participate.

The forums were videotaped by a member of our Beyond the Rock team.

Because it is important for voters to be informed I am sharing the links so that you can watch the forums.

Rockford Forward Event

School Board
