Directions: This template is provided to States as an optional tool for reporting LEA-Level Maintenance of Equity data. Please review the updated MoEquity FAQs before submitting. Once complete, please post on your website and email the link and completed data set to your State mailbox at [State name].oese@ed.gov. All sections shaded green are locked and include formulas. Please enter data in only the unshaded cells.

Methods 1 (districtwide) and 2 (grade span): Staff divided by student calculation for FTE. For example, 20 FTE Staff divided by 230 students = .09 teachers per student.

Methods 3 (districtwide) and 4 (grade span): Student divided by staff calculation. For example, 230 students divided by 20 FTE Staff = 11.5 students per teacher.
